There are limited Black and Brown people seen in your employment/skills promotion, utilising the amenities. No stories being told about the diverse communities using the Common through the ages. 161	I would like the old pond Tooting bec road and Elmbourne Road and the vegetation between the road and common to be landscaped and made safer for walking. The dense overgrown vegetation makes it feel unsafe to walk through in the dark. There are many lovely areas and lots of wooded areas so the areas near footpaths should feel safe and have more elegant meafow plants	10/29/2021 1:20 PM

164	I would like something to be done about the rats in the children's playground as I think it is a disease risk, even if it meant cutting away the undergrowth that they hide in. I would like a camera on the main pathway to deter electric bikes and scooters and dangerous behaviour from cyclists. This is a particular problem for young children as they don't anticipate the danger.	10/29/2021 10:22 AM

208	Making sure the common is not fenced in. I'm referring primarily to the planned development of Triangle that will remove free access to the only bit of hard standing that people can use when the grass is sodden. This happens frequently, especially in winter, and will only get worse with global warming. Access will be for those who can pay, and for organised sports, who also pay. This is a common, not a park, and it should not be fenced in, or floodlit. It will be detrimental to all common users, and all flora and fauna. We don't need tons of plastic grass in this natural environment. The commons are unique and special and must be preserved without development. There is enough football on the common already, this development is not needed here, and will destroy the unique tranquil atmosphere of Triangle Field. Traffic will also overwhelm the Cavendish Road end, this has been ignored, and will badly affect the part of the common on Emmanuel Road.	10/27/2021 12:36 PM

364	Lighting so that it feels safer for women walking in the winter months. A hugely important part of my day is walking at 5/6pm whilst working from home. I am increasingly nervous and uncomfortable doing so with so much of the common being poorly lit at night.	10/25/2021 11:52 PM

406	More coffee shops. The tooting common cafe coffee isn't great so it would be good to see encouragement for more cafes in the area to open. The middle pond seriously needs to be cleaned out and renovated. The water is so dirty and covered in flies, generally not a great place to enjoy. Would also love to see an outdoor gym area on the common to encourage exercise. Similar to examples like the x2 gyms you can see on Clapham Common.	10/25/2021 10:03 PM

410	Effective drainage around paths, whole sections of the common are often cut off after a heavy few hours of rain- it doesn't take much to flood pathways.	10/25/2021 9:56 PM

420	Better lighting, flooding management on the footpaths	10/25/2021 9:34 PM

443	The flooding both in the middle of the park near the pond and near the boxing gym. Some permanent toilet facilities.. The portaloos were great over summer but not a long term solution	10/25/2021 8:47 PM
444	Install permanent toilets if possible (other than the cafe)	10/25/2021 8:47 PM
445	Introduce rules (speed limit etc) for cyclists so they respect other users of the common.	10/25/2021 8:46 PM

448	The paths and flooding.	10/25/2021 8:39 PM
449	The rat situation is absolutely disgusting. Puts me off taking my young children to the common. They have become so tame and regularly seen just walking down the paths and bushes.	10/25/2021 8:38 PM
450	Making the park feel safe, dealing with vermin (rats), ensuring it is clean	10/25/2021 8:37 PM

452	Sorting out paths and better lit in some areas so can walk at night especially between Tooting Bec Rd and Elmbourne.	10/25/2021 8:34 PM
453	The common is busier and there needs to be greater consideration for maintaining the paths in all areas. A separate cycle path through would ease congestion. Perhaps some friendly signs reminding people to keep to the left and to consider others. All types of users (families, dog walkers, groups etc.) are guilty of this so anything to reduce conflict in an easy and polite way would be great!	10/25/2021 8:33 PM
454	Public toilets. More bins.	10/25/2021 8:32 PM

459	Sort the paths out for winter	10/25/2021 8:30 PM
460	Flooding (and not selling parcels off to private enterprises!)	10/25/2021 8:30 PM
461	More toilets. One in the cafe that isn't open all the time is not enough and means that people are using the bushes as toilets and littering tissues etc there	10/25/2021 8:28 PM
462	Toilets needed	10/25/2021 8:28 PM

470	Rectify flooding problems	10/25/2021 8:21 PM
471	Ban cars and close the road that goes through the middle - the speed limit isn't observed and the traffic lights don't even last the time it takes for someone to cross	10/25/2021 8:21 PM

562	Lack of lighting, people should be able to walk through the park during the dark with sufficient lighting. Incidents are far more likely to happen without this which is why I always walk round the park when I'm on the opposite side.	10/25/2021 4:44 PM
563	Having a cycle Lane on the Bedford Hill to Triangle part of the pathway. It’s a nightmare with speeding cyclists as it’s only a narrow path.	10/25/2021 4:07 PM
564	Safety	10/25/2021 3:54 PM
565	Widen the paths so that runners and walkers can share the space happily. The flooding also makes the Common unusable for most of the winter. It’s a shame that many of the paths run along the road, the noisiest and most polluted part of a great public space. My big dream would be for a wide loop path away from the road in the middle third of the Common (the part with the lake, tennis courts etc, bounded by Bedford Hill and Dr J Avenue).	10/25/2021 3:51 PM

No consultation with local residents apart from small vested interest groups. The redgr. Is the only useable space on the common when in flood. 783	More community events, how about allow us to put up tables to play chess?	10/22/2021 8:14 PM
784	The top priority should be abandoning the ridiculous proposal for commercialising the common with a paid footy pitch at the triangle. This is opposed by local residents and is a waste of taxpayer money to continue this effort. You should focus on the natural aspects of the common, NOT lining the pockets of private interests.	10/22/2021 8:12 PM
785	Finally end the repeated pressure to commercialise the triangle. Fix the drainage without it being some lowest bidder bodge by a dodgy developer.	10/22/2021 8:07 PM
786	The no Cycling paths should be more clearly marked	10/22/2021 8:04 PM
787	Stop the privatisation of the Triangle’s redgra pitch should be a priority of TCMAC and FOTC, both of which have failed to make a stand against the loss of Common Land.	10/22/2021 8:02 PM
788	Rewilding/securing the natural elements of the common. Not mowing all of the fields (keeping longer grass around the edges) has been a great improvement this year.	10/22/2021 7:57 PM
789	To keep it as open, green, bio-diverse and quiet as possible. Also to keep all of it open to everyone for their own free use and not to hive off parts of it for those that can pay.	10/22/2021 7:54 PM
790	Drainage	10/22/2021 7:48 PM
791	Retaining every healthy tree and shrub and not allowing them to be felled or pollarded for any reason other than danger to the public, encouraging rewilding and enhancing all areas for maximum biodiversity.	10/22/2021 7:45 PM
