## LICENSING OBJECTIVES

a) General - all four licensing objectives (b,c,d,e)

Oy Bar Ltd understands the partnership approach underpinning the Licensing Act and has carefully considered this application so as to support fully the Licensing Objectives.

We will be serving food and the focus is on sharing high quality wines and food with good company. We will only be playing background music.

The company anticipates that the premium nature of the business will make the site unattractive to street drinkers and reduce the potential for any related problems.

The proposed authorised hours have been tailored to avoid people staying too late, and we will be encouraging people to eat while having a glass of wine. We want to educate our customers about matching wines with food, and the joys of sharing food in good company.

The following conditions are proposed to ensure that this application combines the company's responsible alcohol sales with practical steps to ensure that the grant of a Premises Licence at this site is a positive contribution to Balham.

- Designated Premises Supervisor nominated
- Sufficient number of staff on the premises to cover longer hours & busy times
- There will be a written notice of 'authority' record for all staff who sell alcohol
- We will provide comprehensive training for staff in the main requirements of the Licensing Act, the specific measures and conditions in place to promote the Licensing Objectives and the staff roles and responsibilities. Such records shall be available for inspection by the responsible authorities.

The only forms of ID that may be accepted shall be:

1. proof of age card bearing the PASS hologram logo
2. Passport

Nothing stated by applicant.

b) The prevention of crime and disorder

1. The licence holder will ensure that the premises benefit from a CCTV system that operates at all times when licensable activities are taking place.
2. The system will incorporate a camera covering each of the entrance doors and the main alcohol display area and will be capable of providing an image which is regarded as identification standard. The precise positions of the cameras may be agreed, subject to compliance with Data Protection legislation, with the police from time to time.
3. The system will incorporate a recording facility and any recording will be retained and stored in a suitable and secure manner for a minimum of 30 days and will be made available, subject to compliance with Data Protection legislation, to the police for inspection on request.
4. The system must be able to export recorded images to a removable means e.g. CD/DVD and have its own software enabled to allow playback/review.
5. A member of staff trained in the use of the CCTV system must be available at the premises at all times that the premises are open to the public.
6. The system will display, on any recording, the correct time and date of the recording.

c) Public safety

The applicant will at all times maintain adequate levels of staff and security. Such staff and security levels will be disclosed, on request, to the licensing authority and police.

d) The prevention of public nuisance

Signage will be displayed at the exit of the premises requesting customers leaving the premises late at night to do so quietly and with consideration so as not to disturb nearby residents.

e) The protection of children from harm

The premises licence holder will ensure that an age verification policy will apply to the premises whereby all cashiers will be trained to ask any customer attempting to purchase alcohol, who appears to be under the age of 25 years (or older if the licence holder so elects) to produce, before being sold alcohol, identification being a passport or photocard driving licence bearing a holographic mark or other form or method of identification that complies with any mandatory condition that may apply to this licence.
