

Supported Travel Team Organisational Blue Badge Application Form

This form can be used to apply for an organisational Blue Badge. If you need help in completing this form, please contact 020 8871 8871.

Organisational Blue Badges

Organisations involved in the care of disabled people who individually meet the criteria for a Blue Badge are able to apply for an organisational Blue Badge. If issued with an organisational Blue Badge, the organisation can use it in a vehicle (such as a minibus or specially adapted commercial vehicle) only when it is carrying disabled people who would themselves qualify for a Blue Badge.

Please see Part B (page 2) for notes on eligibility for an organisational Blue Badge. An 'organisation' is defined in legislation as meaning an organisation concerned with the care of disabled persons to which a disabled persons Blue Badge may be issued. Common examples of such organisations are care homes, hospices, or local authority social service departments.

Any organisational badges issued must not be used for the benefit of employees of the organisation, irrespective of whether they are carrying out business on behalf of the organisation.

Part B - Eligibility Notes

Organisational badge(s) can be issued to organisations whose responsibility includes the <u>care and transportation</u> of disabled people who would themselves meet the eligibility criteria for a badge should they apply individually. An eligible disabled person is defined as a person who is over two years old and:

- receives the Higher Rate of the Mobility Component of Disability Living Allowance; or
- receives the "Moving Around" category for the Mobility Component of Person Independence Payment (PIP) 8 – 12 Points or
- Descriptor E (10 points): Cannot undertake any journey because it would cause overwhelming psychological distress to the claimant or
- is registered blind (severely sight impaired); or
- receives a War Pensioner's Mobility Supplement; or
- receives a lump sum benefit under the Armed Forces and Reserved Forces
 (Compensation) Scheme within tariff levels 1-8 (inclusive) and has been assessed and
 certified as having a permanent and substantial disability which causes inability to walk or
 very considerable difficulty in walking; or
- drives a vehicle regularly, has a severe disability in both arms and is unable to operate, or has considerable difficulty in operating, all or some types of parking meter; or
- has a permanent and substantial disability which causes inability to walk or very considerable difficulty in walking.

In addition, eligibility covers children under three years of age who fall within either or both of the following descriptions:

- a child who, on account of a condition, must always be accompanied by bulky medical equipment which cannot be carried around with the child without great difficulty;
- a child who, on account of a condition, must always be kept near a motor vehicle so that, if
 necessary, treatment for that condition can be given in the vehicle or the child can be taken
 quickly in the vehicle to a place where such treatment can be given.

Organisational badges will therefore only be issued to an organisation which both:

- cares for and transports disabled people who would meet one or more of the eligibility criteria for an individual Blue Badge; and
- has a clear need for an organisational badge rather than using the personal Blue Badges of people it is transporting.

In all circumstances, badges will be supplied to organisations or departments (e.g. Social Services Department) rather than to individual staff members, or specific vehicles.

Employees of the organisation who will be using the badge should be reminded that they must only use the badge to transport disabled people who meet one or more of the eligibility criteria for a badge. These employees should be informed that if they use the badge when there are no passengers in the vehicle who are eligible for a badge they will face a fine of up to £1,000.

Where relatively few clients of the organisation meet the criteria for a Blue Badge, it is preferable to apply for individual badges rather than have one issued to the organisation. This then allows the badge holder to use the badge in any vehicle they are travelling in, be it as driver or passenger.

The following factors will be considered when trying to establish whether an organisational Blue Badge is appropriate for issue:

- The number of service users your organisation caters for.
- The type of disability that your service users have.
- The number of service users who have a permanent disability that affects their walking.
- The details of vehicles used for transporting service users.
- The details of any adaptations made to the vehicles.
- The details of who will have access to the badge and how this is monitored.
- Whether any of your service users hold their own Blue Badge.
- The reasons a badge is needed
