Platt Estate proposal for removal of existing central garages

Work on the new council homes on the Platt Estate is progressing well and in the new year we will be starting to improve parking by increasing capacity on the estate.

We know that there is some interest demolishing and converting the remaining garages into open car parking for general use by all residents. At the meeting you will be able to find more about the proposals. Refreshments will be available and the meeting will be attended by council officers.

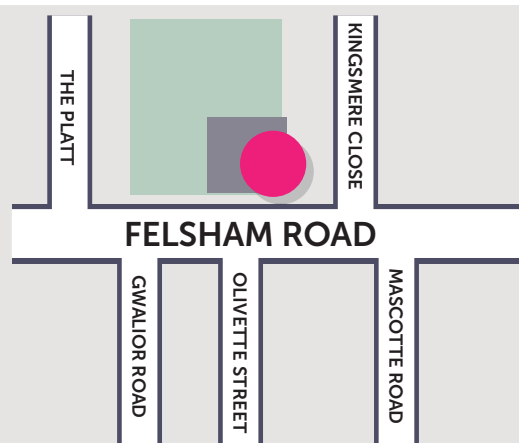

You are invited to attend a public drop-in session at the venue below.
