Dear Alison

The Government and the Mayor of London published London specific policy changes and guidance on Wednesday 25th March to accelerate housebuilding in London. The measures are intended to apply to both existing consents that are now unviable and to future consents for new eligible schemes. Interventions to improve the viability of stalled sites are being prioritised.

The Inspector invited any comments to be with her by the 14<sup>th</sup> April 2026. The draft policy changes and guidance were addressed at the Inquiry and I can advise that the Council has no further comments to make at this stage, save that the evidence given in written and oral evidence by Miss Chambers and Mr Eley, on behalf of the Council, remains unchanged and unaffected.

Regards

**Nigel Granger**
