Good afternoon,

Following my previous correspondence, the Inspector encloses revised Inquiry Schedule, marked B. Within the Inspector's opening the Inspector will ask for any further schedule, the Inspector has had regard to:

- a) Afternoon closing of the venue room for a committee.
- b) The availability of witnesses and
- c) The logical order of hearing the evidence, especially having regard to hearing the planning evidence towards the end of the proceedings.
- d) The Inspector will ask for comments as to whether closings can be heard virtually on the last day, and if there are cost applications, whether these can be dealt with by way of written exchanges. If there is agreement on hearing closings virtually, the Inspector would ask the Council to organise this.

Many thanks

John
